Auditor's Report

RSMSZ[2021]No. 361Z0170

To the Shareholders of Xiamen C&D Inc.,

Opinion

We have audited the financial statements of Xiamen C&D Inc. (hereafter referred to as

"the Company"), which comprises the consolidated and the parent company's statement

of financial position as at 31 December 2020, the consolidated and the parent

company's statement of profit or loss and other comprehensive income, the consolidated

and the parent company's statement of cash flows, the consolidated and the parent

company's statement of changes in equity for the year then ended, and the notes to the

financial statements.

In our opinion, the accompanying the Company's financial statements present fairly, in

all material respects, the consolidated and the company's financial position as at 31

December 2020, and of their financial performance and cash flows for the year then

ended in accordance with Accounting Standards for Business Enterprises.

Basis for Opinion

We conducted our audit in accordance with China Standards on Auditing (CSAs). Our

responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are

independent of the Company in accordance with the Code of Ethics for Professional

Accountants of the Chinese Institute of Certified Public Accountants, and we have

fulfilled our other ethical responsibilities. We believe that the audit evidence we

obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of the most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

I. Recoverability of receivables

For details of relevant information disclosure, please refer to Notes 5.8 (collectively referred to as "Receivables" below).

1. Description of the matter

As of 31 December 2020, the book value of accounts receivable is RMB 4,559,457,017.89, and the book value of other receivables is RMB 30,328,799,958.71, which is 9.01% of the total assets in total. When the Management determines the expected credit loss rate and the expected recoverable amount of receivables, they need to take comprehensive consideration of the internal historical credit loss experience, current status and forward-looking information, which involves significant accounting estimates and judgments, and the amount of impact is significant. Accordingly, the recoverability of receivables is considered to be a key audit matters.

2. Auditor's response

Audit procedures performed for the recoverability of receivables mainly include:

- (1) Evaluate and test the effectiveness of key internal control design and implementation related to for reviewing, assessing and determining the impairment of receivables, including controls related to identifying objective evidence for impairment and calculating expected credit impairment losses;
- (2) Evaluate the appropriateness of the Management's method for dividing the receivables into several groups for impairment testing;
- (3) For the receivables with provision for bad debts recognised individually, selected sample is tested its recoverability independently, and the basis for

Management's assessment of the expected future cash inflow was reviewed, including the customer's credit history and operation status, past transaction history, the payment situation, and forward-looking information;

- (4) For the receivables with provision for bad debts recognised on the basis of similar credit risk characteristics, evaluate the appropriateness of the expected credit loss model used by the Management, and the reasonableness of the proportion of bad debt provision with reference to historical credit loss experience and forward-looking information;
- (5) Select samples to review the accuracy of classification with similar credit risk characteristics, aging and bad debt provision.
- II. Impairment for inventories of properties and trading commodity inventories
 For details of relevant information disclosure, please refer to Note 5.9.

1. Description of the matter

As of 31 December 2020, the book balance of inventory is RMB 225,085,494,373.63, the provision for impairment is RMB 3,013,918,305.45, and the book value of inventory was RMB 222,071,576,068.18, which is 57.36% of the total assets. The provision for impairment by the Company depends on the estimation of the net realisable value of the inventory. The determination of the net realisable value of inventories requires the Management to estimate the selling price of the inventory, the estimated costs, selling expenses, and its related taxes. Due to the significant impact of inventories and its provision for impairment, and the significant accounting estimates and judgments made by the Management, the impairment for inventories is considered to be a key audit matters accordingly.

2. Auditor's response

Audit procedures performed for the impairment for inventories mainly include:

- (1) Evaluate and test the effectiveness of key internal control design and implementation related to for reviewing, assessing and determining the Impairment for inventories of properties and trading commodity inventories;
- (2) On the basis of sampling, observe and inspect the inventory physical counting,

pay attention to whether the unusable inventory, defective inventory, obsolete and excessive inventory are identified and the development progress for inventories of properties;

(3) Assess the relevant parameters used by the Management in the inventory impairment test, including the future selling price, estimated costs to be incurred at the time of completion, selling expenses and its related taxes, etc., and select samples for review.

Other information

Management of the Company is responsible for the other information. The other information comprises the information included in the Annual Report of the Company for the year of 2020, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management of the Company is responsible for the preparation and fair presentation of the financial statements in accordance with Accounting Standards of Business Enterprises, and for the design, implementation and maintenance of such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our Objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with CSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with CSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii) Obtain an understanding of internal control relevant to the audit in order to design

- audit procedures that are appropriate in the circumstances.
- iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v) Evaluate the overall presentation, structure and content of the financial statements, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- vi) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

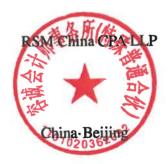

From the matters communicated with those charged with governance, we determine

those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

This auditor's report and the accompanying financial statements are English translations of the Chinese auditor's report and statutory financial statements prepared under accounting principles and practices generally accepted in the People's Republic of China. These financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in other countries and jurisdictions. In case the English version does not conform to the Chinese version, the Chinese version prevails.
